Recent Projects | Improvements

1

Tree Projects

We will be starting to remove trees in the woods addition this year that have the emerald ash bore, We are receiving a grant that is allowing us to remove around 100 and then we will be replacing them with a different type of tree.

Another project is we will be increasing the size of our tree farm from 40 trees to around a 100 this spring.

2

Jim Karn Field Improvements

Jim Karn Field has received numerous improvements recently including removing the metal benches for new seating, new exterior, and a new cover on the scoreboard.

These improvements have been made possible because of the Crookston Baseball Association.

3

Sports Center Improvements

The Crookston Sports Center has received numerous improvements recently including a new multi use walking track in the concourse, new kids activities, and new sports turf.

This was made possible thanks to the Crookston Area Community Fund.

4

Community Pool

The Crookston Pool recently finished routine maintenance including cleaning out gutters and putting lights back in the walls of the pool.

We have also received several donations from Fin & Fin for pool repairs and fun additions like a new water volleyball net.
